About CDCPIndia

Founded in 2020, CDCPIndia is a national-level society committed to inspiring, collaborating, and advancing digital processes and technologies in the Indian infrastructure sector. We are a non-government, non-commercial, and vendor-neutral body comprising leading professionals dedicated to digitalization in the built environment.

CDCPIndia is also the India Chapter of buildingSMART International, advocating openBIM and inclusive digital transformation through our INDIA Strategy:

I

Inspire & onboard community bringing about a behavioral change within the community in adopting digitalization.

N

National mandate which is inclusive, effective, neutral, and with empathy for the implementing stakeholders.

D

Democratization of data in the information ecosystem by maintaining a transparent, open, and real-time single source of truth.

I

Incentivizing the stakeholders, recognizing the fact that there are unequal players, and the weaker players are in majority.

A

AID for the stakeholders to help them navigate the transitional impact of adopting several digital tools, technologies, and processes.

Join the Digital Transformation Movement

Be a part of India's foremost digital construction community. Whether you are an individual, academic, startup, MSME, or a global enterprise, we have tailored membership categories that enable you to contribute to and benefit from the digital evolution of India's construction ecosystem.

Let's build a digitally empowered future for Indian infrastructure—together.
